

NEW HERE?

How to use your IELTS portal

A full walkthrough of every part of the site, with real screenshots — signing in, homework, word lists, the leaderboard, chat, and the Mock Test Center. Keep this handy the first week, then come back to any page whenever you need a reminder.

• IELTS with Mr Ikromov • Student guide

1 · Signing in

2 · Creating an account

3 · Homework

4 · Word Lists

5 · Leaderboard

6 · Group Chat

7 · Chats

8 · Account settings

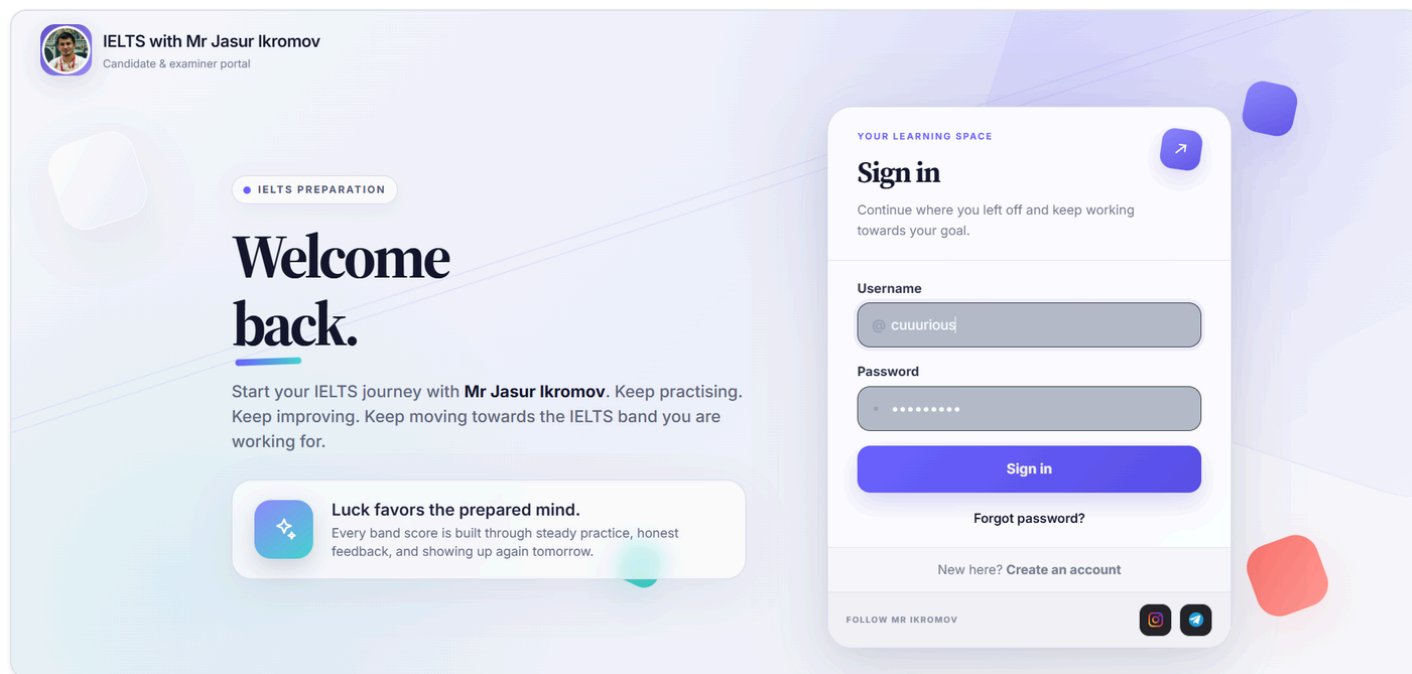

9 · Mock Test Center

10 · Forgot password

STEP 1

Signing in

This is the first thing you'll see when you open the site.

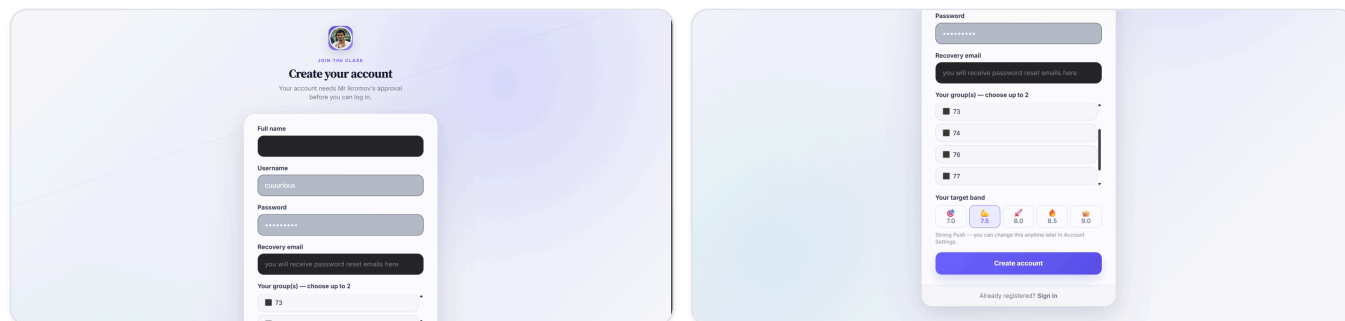

- 1 Enter the **username** and **password** you picked when you created your account.
- 2 Tap **Sign in** to go straight to your dashboard.
- 3 Don't have an account yet? Tap **Create an account** below the form instead.

Tip. Forgot your password? Ask your teacher to reset it for you.

STEP 2

Creating an account

New students register here — this is a one-time step.

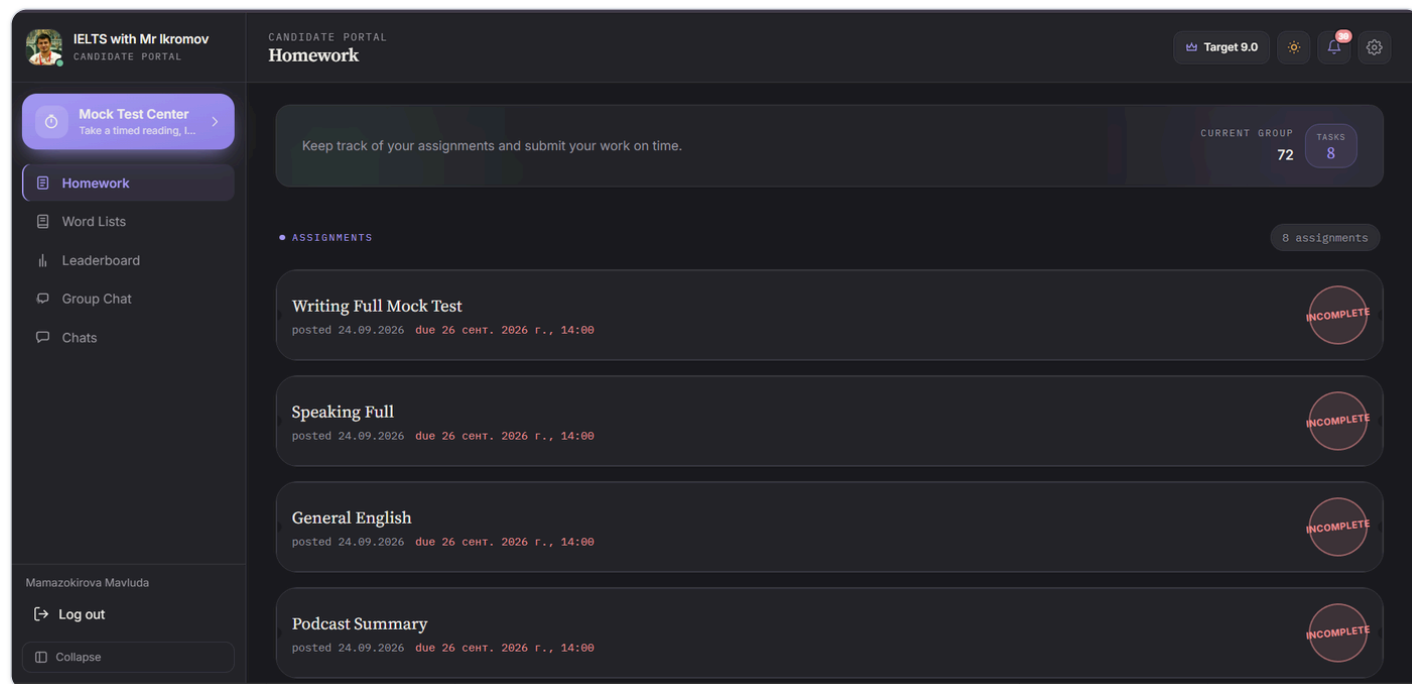

- 1 Fill in your **full name**, pick a **username** and **password**, and optionally add a **recovery email** (only used if you forget your password).
- 2 Choose the **group(s)** your teacher told you to join — up to 2 — and pick your **target IELTS band**. You can change your target band anytime later in Account Settings.
- 3 Tap **Create account**.

Tip. Your account can't log in until Mr Ikromov approves it — let him know once you've signed up.

STEP 3

Homework

Your dashboard's Homework tab — every assignment your teacher posts shows up here.

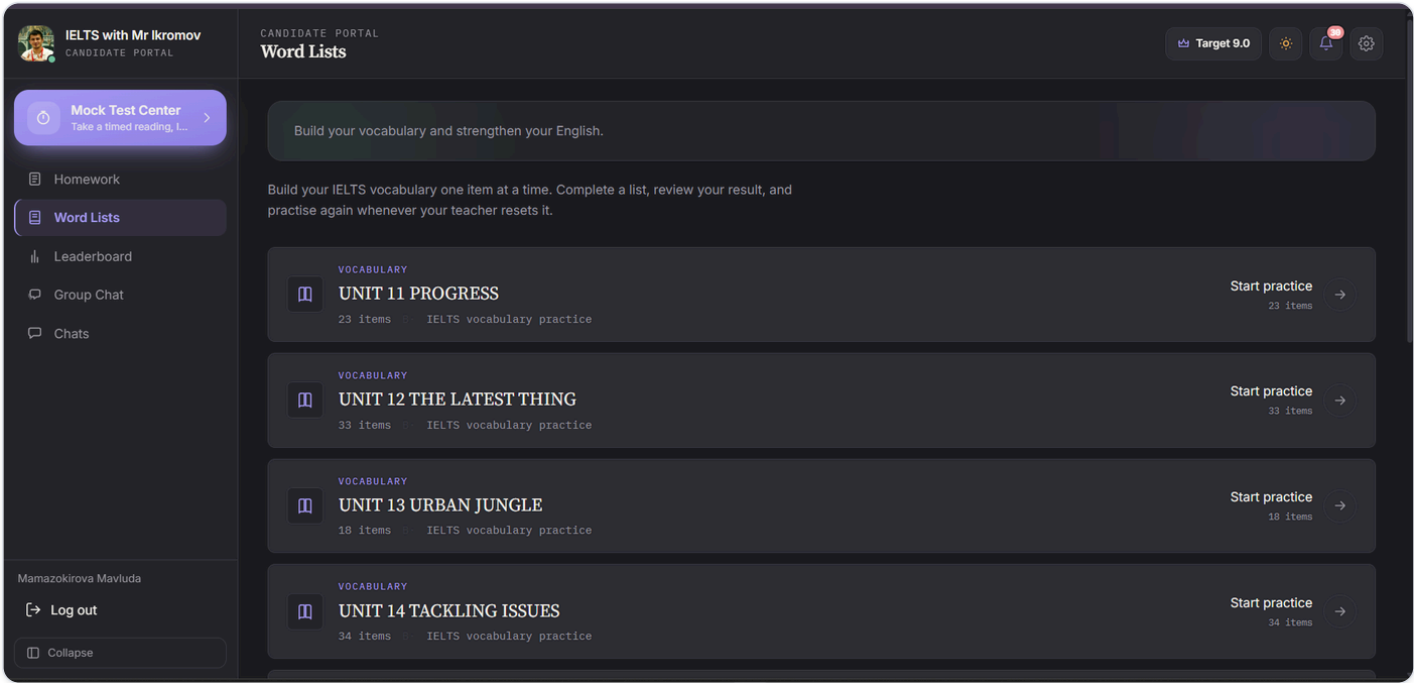

- 1 Each card shows an assignment, when it was posted, and when it's due. A red **Incomplete** badge means you haven't submitted it yet.
- 2 Tap a card to open it, read the instructions, and upload your work.
- 3 The **Current group** and **Tasks** numbers at the top just show how many assignments are waiting for you.

Tip. Uploading a file doesn't submit it by itself — open the assignment and tap Submit when you're ready.

STEP 4

Word Lists

Vocabulary sets your teacher builds for your class, grouped into units.

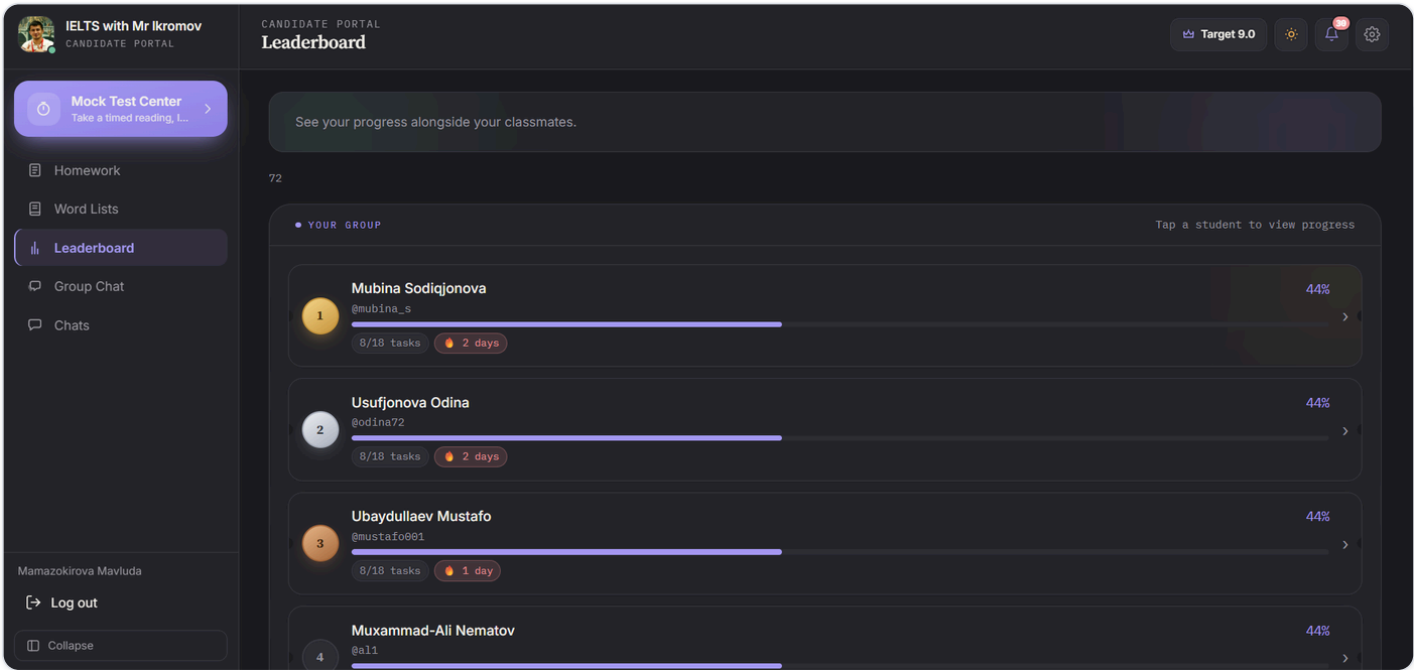

- 1 Each unit shows how many items it has. Tap **Start practice** on any unit to work through its words.
- 2 Come back and repeat a unit anytime your teacher resets it.

STEP 5

Leaderboard

See how you're ranked against the rest of your group.

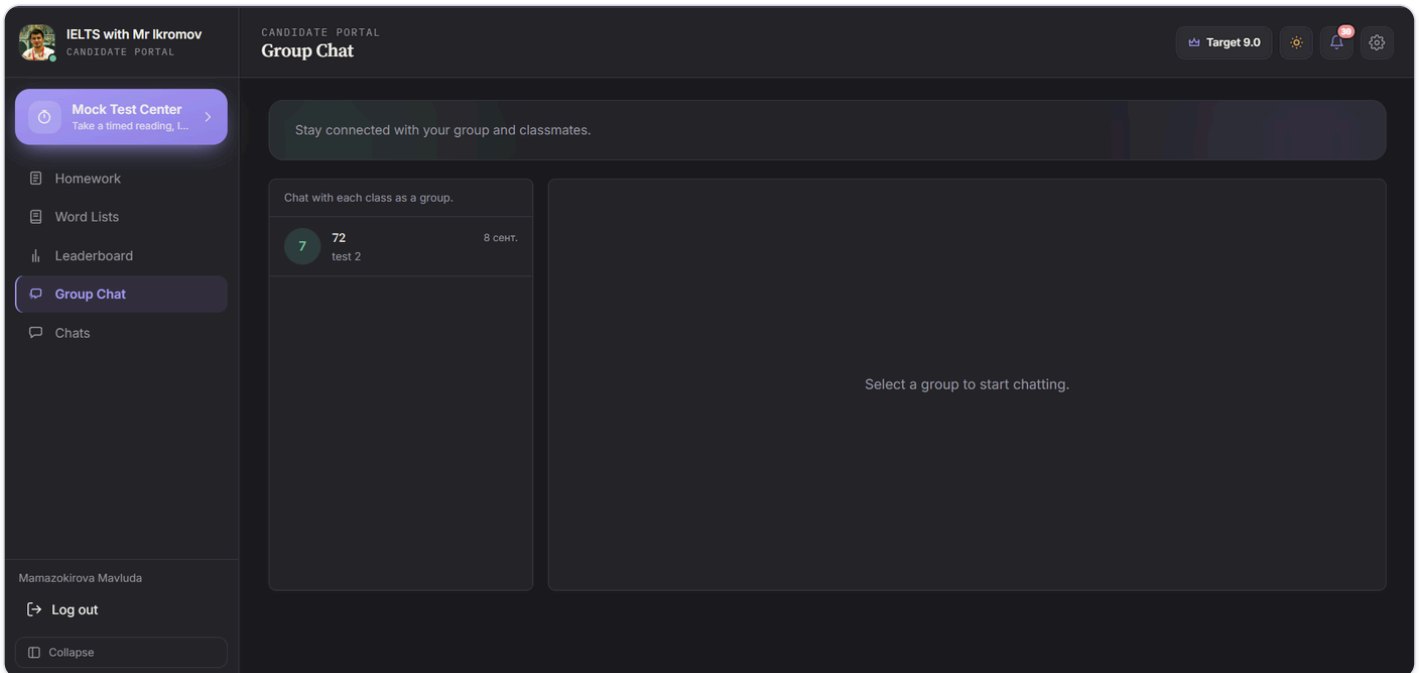

- 1 Your position (1, 2, 3...) is based on tasks completed and your streak.
- 2 The percentage and purple bar show your overall progress; the badges under each name show tasks done (like 8/18) and a streak counter (🔥 2 days).

- 3 Tap any student to see their progress in more detail.

STEP 6

Group Chat

Where your whole class talks together.

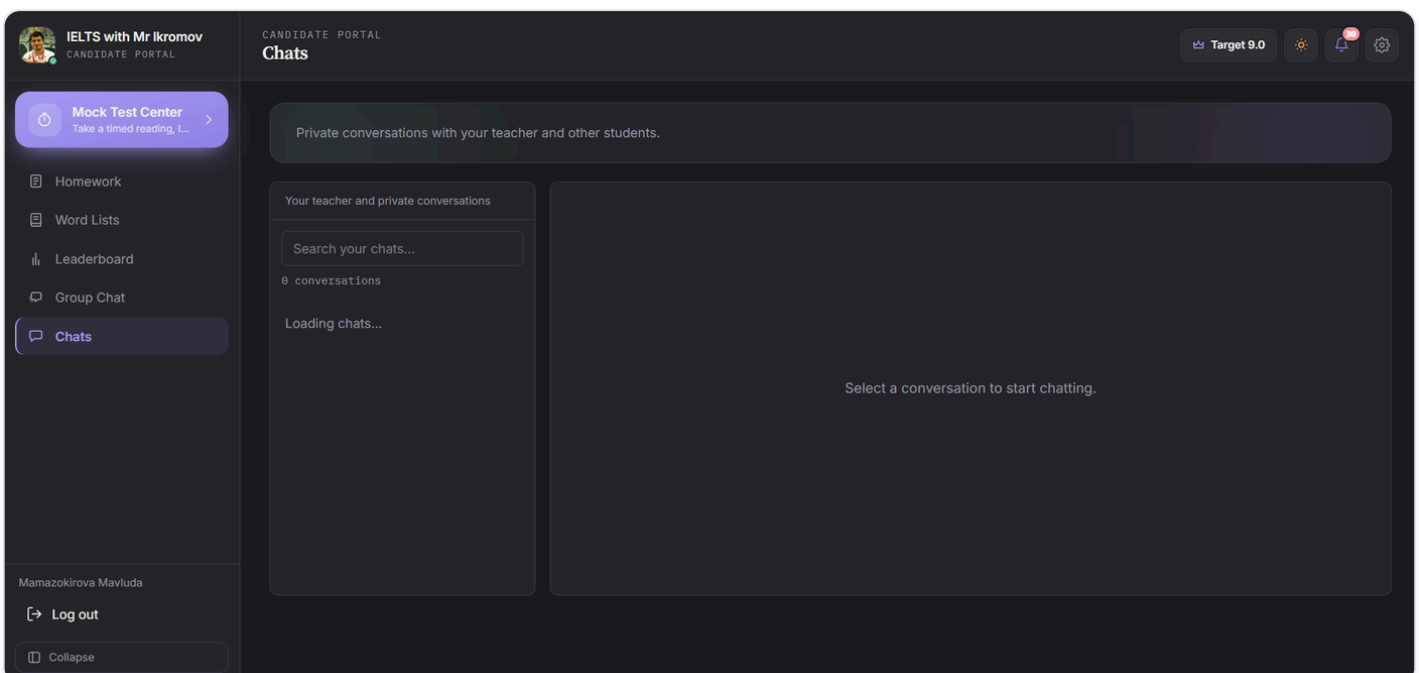

- 1 The list on the left shows your groups — tap one to open its chat on the right.
- 2 Use this for anything the whole class should see: questions about homework, announcements from your teacher, and so on.

STEP 7

Chats

Private, one-on-one conversations — with your teacher or a classmate directly.

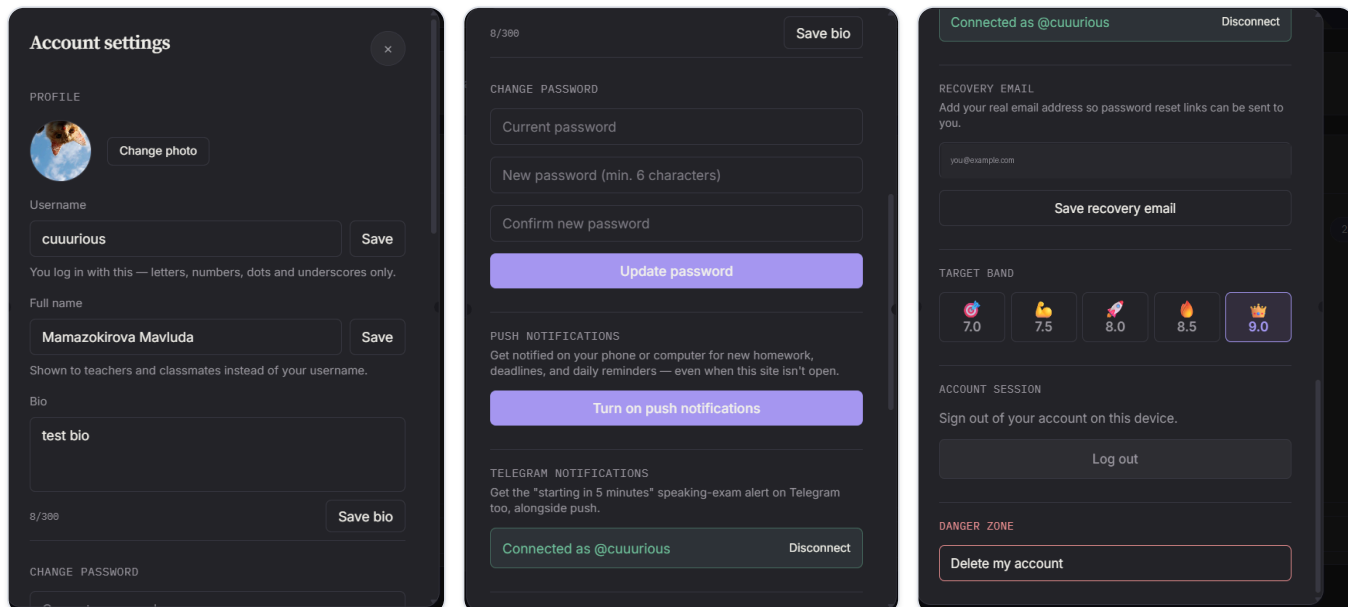

- 1 Search for a person's name, or pick from your existing conversations on the left.

STEP 8

Account settings

Open this from the gear icon in the top bar.

- 1 Change your **profile photo, username, full name, or bio** — each one saves separately with its own Save button next to it. Your full name is what teachers and classmates see instead of your username.
- 2 **Change password:** enter your current password, then a new one (at least 6 characters) twice, and tap Update password.
- 3 Turn on **push notifications** to get alerts for new homework and deadlines even when the site isn't open, and connect **Telegram** to also get a heads-up 5 minutes before your speaking exam.
- 4 Add a **recovery email** so a password-reset link can reach you, and set your **target band** — shown around the site, like the crown badge in the top bar.

Tip. Log out signs you out of this device. Delete my account (in the danger zone) permanently removes your account — only use it if you're sure, it can't be undone.

Mock Test Center

A separate, full-screen space just for exams — tap "Mock Test Center" on your dashboard to open it, away from the rest of the site.

The screenshot shows the 'Overview' tab of the Mock Test Center. At the top, it says 'MOCK TEST CENTER' and 'Candidate: Mamazokirova Mavluda'. There are navigation tabs: 'Overview' (selected), 'Take a Test', 'Speaking Exam', and 'Message Examiners'. The main content area has four sections: 1. 'READING' and 'LISTENING' both show 'No attempts yet.' 2. 'SCORE REPORT' shows 'Download a one-page PDF combining your Listening, Reading, Writing and Speaking results so far.' with a 'Download score report' button. 3. 'TARGET BAND' shows five options: 7.0, 7.5, 8.0, 8.5, and 9.0 (which is selected and highlighted with a crown icon). 4. 'WRITING MOCK FEEDBACK' shows 'No writing mocks marked yet.'

- 1 **Overview** shows your Reading and Listening results so far (or "No attempts yet" if you haven't sat one).
- 2 Download a one-page **score report** PDF once you have results, and see feedback once a Writing mock has been marked.
- 3 Your **target band** is shown and changeable here too. Use **Exit to dashboard** (top right) to leave and go back to the regular site.

Starting a mock exam

This is where you actually start a mock — a candidate check-in, just like a real IELTS test.

The screenshot shows the 'Take a Test' tab of the Mock Test Center. At the top, it says 'MOCK TEST CENTER' and 'Candidate: Mamazokirova Mavluda'. There are navigation tabs: 'Overview', 'Take a Test' (selected), 'Speaking Exam', and 'Message Examiners'. The main content area is a 'CANDIDATE CHECK-IN' form titled 'Start your mock'. It asks the user to 'Enter your full name and the code your teacher gave you for this mock.' There are two input fields: 'FULL NAME' with the placeholder 'As your teacher has it' and 'ACCESS CODE' with the placeholder 'e.g. K3F-9QT'. Below the fields is a 'Continue →' button. At the bottom, there is a note: 'Don't have a code? Ask your teacher — every mock attempt now needs one, just like checking in for the real test.'

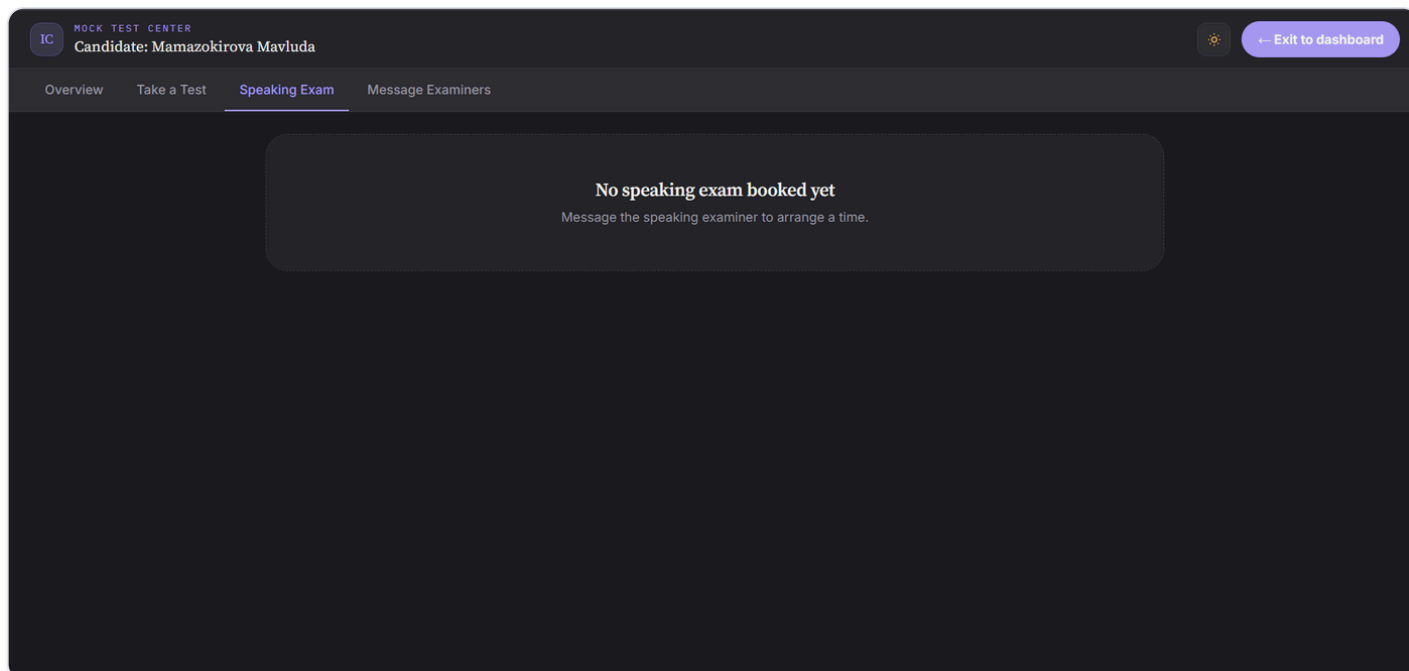

- 1 Your teacher gives you a one-time **access code** for each mock session.
- 2 Enter your **full name** exactly as your teacher has it, plus that code, then tap **Continue**.

Tip. No code yet? Ask your teacher — every mock attempt needs one now, the same way a real IELTS test checks you in before you start.

MOCK TEST CENTER · SPEAKING EXAM

Your speaking exam

Shows your booked speaking exam slot once a speaking examiner has scheduled one.

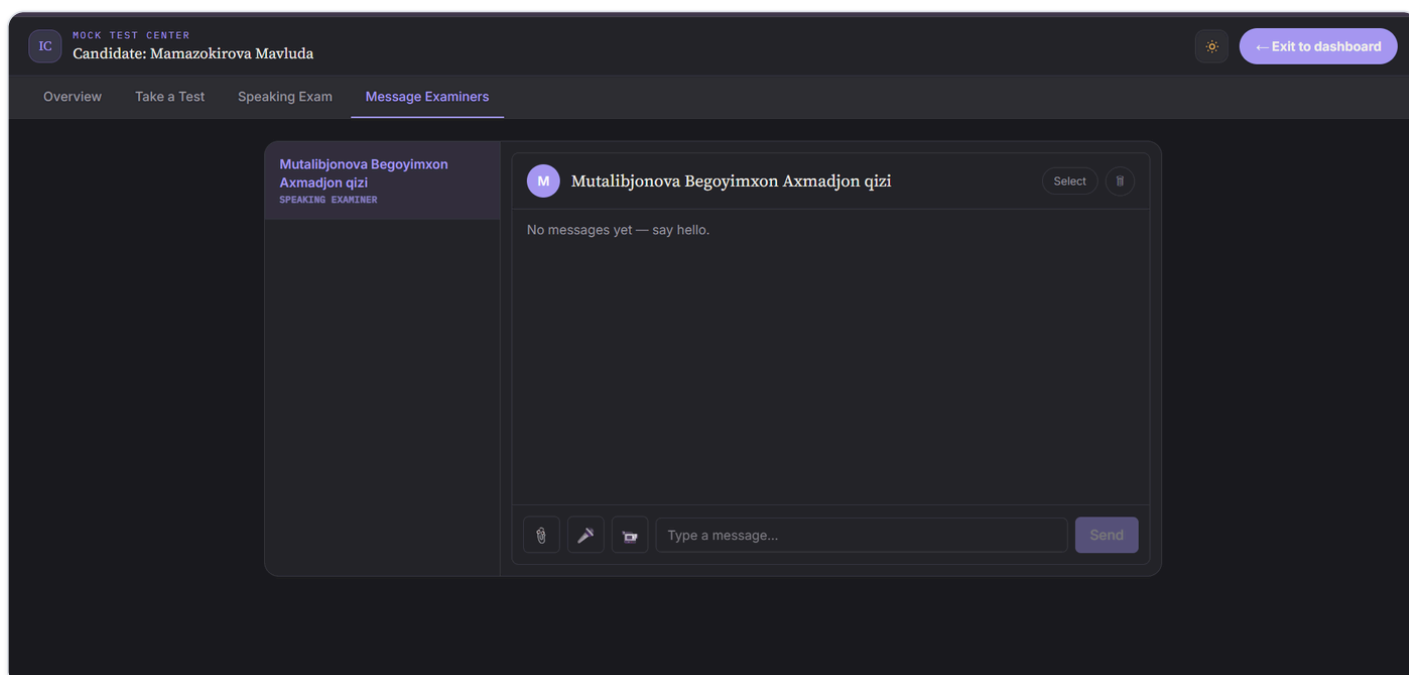

- 1 Once booked, you'll see the time and join link here, plus your band and feedback once it's marked.
- 2 Nothing booked yet? It'll say so, like in the screenshot above — message the speaking examiner to arrange a time.

MOCK TEST CENTER · MESSAGE EXAMINERS

Messaging your examiners

A direct line to your speaking and writing examiners, right from the Mock Test Center.

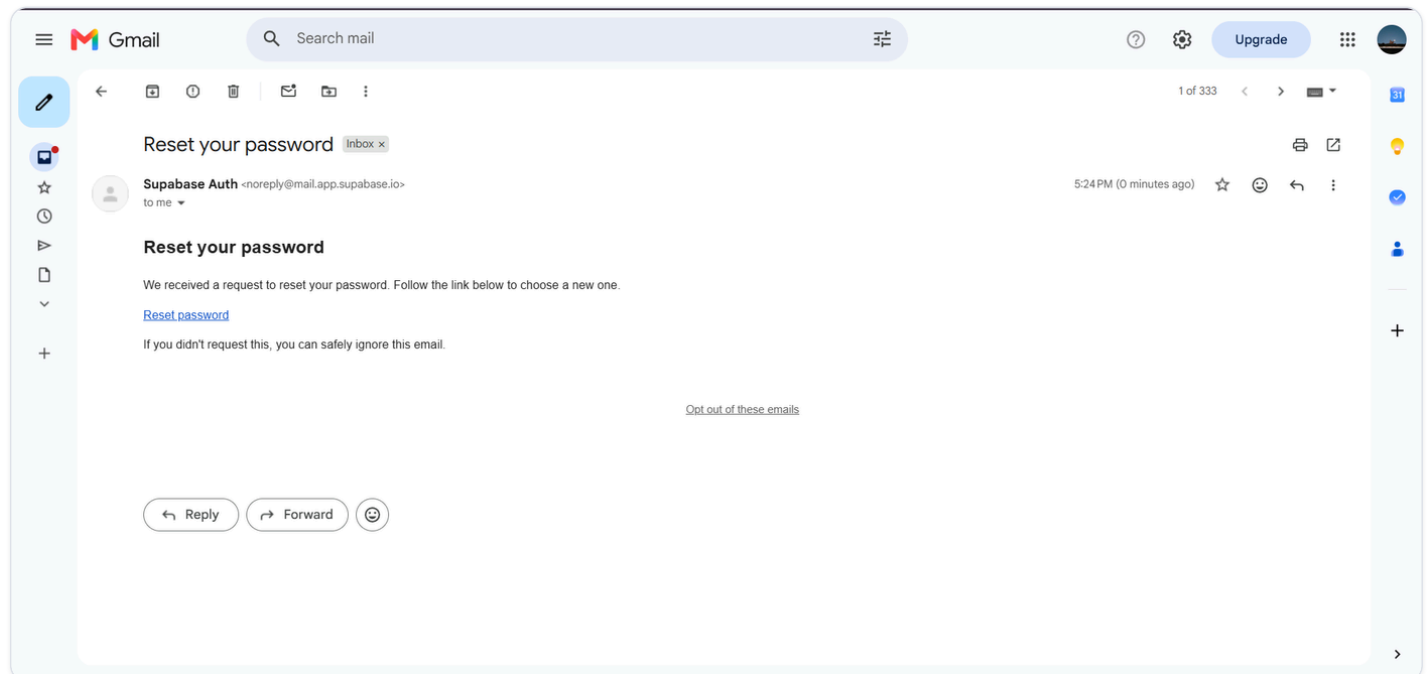

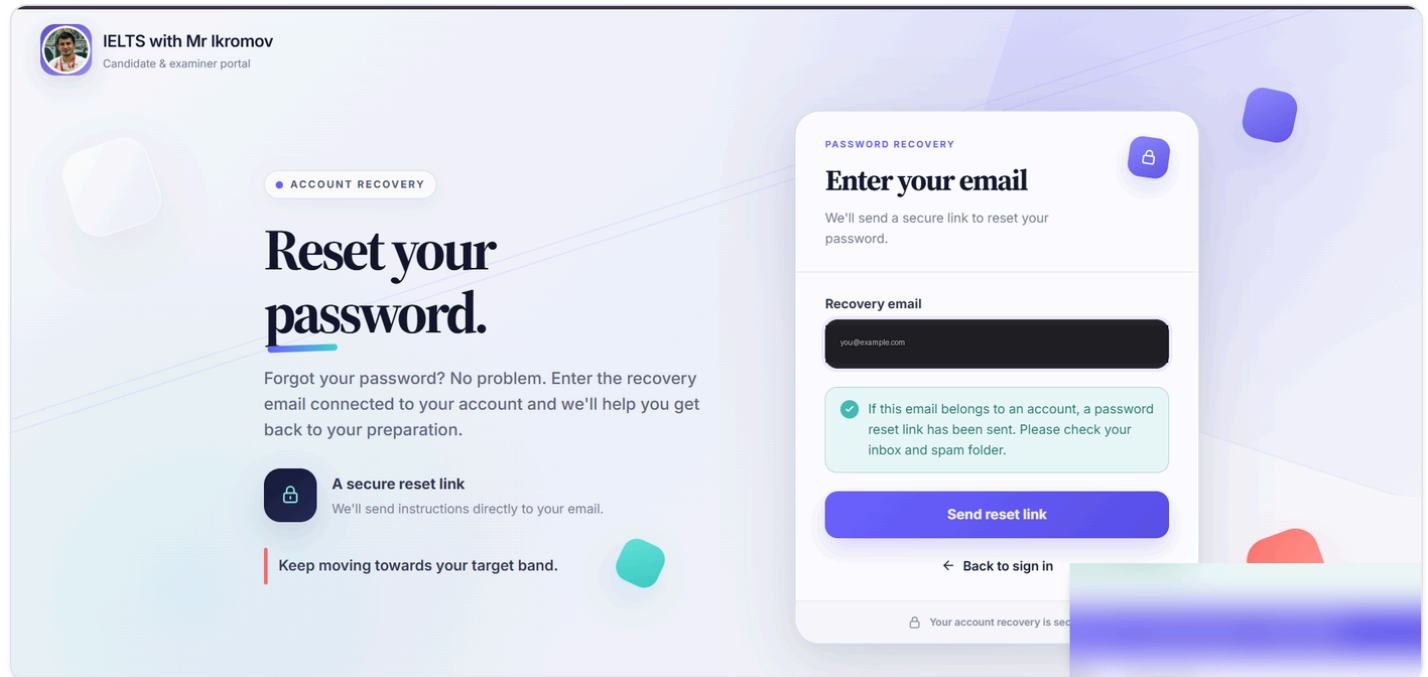

- 1 Pick an examiner from the list on the left, then type your message on the right.

GOOD TO KNOW

Forgot password

Tap "Forgot password?" on the sign in screen if you can't remember yours.

Choose a new password

Create a new password and get back to your IELTS preparation.

Create a new password
Use at least 6 characters.

New password

Enter a new password

Confirm password

Enter it again

Update password

← Back to sign in

- 1 Enter the **recovery email** connected to your account, then tap **Send reset link**. You'll see a confirmation message once it's sent.
- 2 Check that email for a message titled **Reset your password**, and click the **Reset password** link inside it.
- 3 On the **Choose a new password** screen, type your new password twice (at least 6 characters) and tap **Update password**.
- 4 You'll be taken straight back to the **Sign in** screen — sign in with your new password.

Tip. This only works if you've already added a recovery email in Account Settings. If you haven't, ask your teacher to reset your password for you instead.

Still stuck on something? Message your teacher directly from **Chats** — that's the fastest way to get help.
